

custom fit

Potcha! pots feature full-color, high-quality graphics that are waterproof and fade resistant. It's the same grower pot you've been using for years — just prettier.

slip it on

ModPots are decorative drop-ins that are a quick, easy and affordable way to increase the value of your favorite plant and WOW the shopper. Choose from existing designs or design your own. Available in low quantities.

pot couture

The ultimate in potted plant decor. Our containers are available off-the-shelf or custom designed, in a variety of materials (ceramic, metal, chipwood, etc.). Available in low quantities.

Dressed and ready to go... everywhere!

Increase the appeal and value of plants.

Black may be great for a little dress, but it's just boring for a pot. Trust us. It does nothing for the plant either. Dress up the ubiquitous black plastic pot with one of several decorative pot options from John Henry®. All can be custom designed to match tags and P.O.P. materials for a total, complete package.
